**STIP AMENDMENT 98S-76-ACTION**

**ACTION UPDATE FROM NOTICE**

This item was noticed at the November 1999 Commission meeting; the Commission requested the Action Item be placed on the consent calendar as originally proposed. The proposed switch of \$2.5 million in programming between right of way and construction and between RIP and local funds previously shown on project PPNO 0315P has been cancelled. The discussion in the background relating to this issue has been crosshatched. The project has been removed, and Attachments A and D have been corrected to reflect this.

The amount of the Unprogrammed County Share Balance, shown below, has not changed from the previous Commission meeting.

## **RESOLUTION**

Resolved, that the California Transportation Commission (CTC) revise the 1998 State Transportation Improvement Program (STIP) as shown on Attachments A, B and C.

## **BACKGROUND**

This amendment programs \$19,463,000 for three new highway projects and \$9,064,000 for four existing highway projects, for a total of \$28,527,000 in Regional Improvement Program (RIP) funds from Los Angeles County's Unprogrammed Share Balance. ~~This amendment also reprograms \$2,500,000 between the Right of Way and Construction components of an existing highway project, resulting in a neutral exchange of RIP funding in conjunction with a \$13,859,000 increase of local funding.~~

Attachment A shows the RIP funds proposed for the 7 State Highway projects ~~and includes the exchange of \$2,500,000 from the right of way to construction component of the eighth project~~; Attachment B identifies the existing Interregional Improvement Program (IIP) funds for 2 of these projects; Attachment C shows the existing Grandfathered RIP funds for 2 of these projects; Attachment D identifies the local commitments for ~~six~~ **five** of these projects, which are not allocated by the CTC.
